Your wedding in Provence

An enchanting setting for an unforgettable day

An enchanting setting that combines the pastoral charm of the Provencal countryside with the elegance and refinement of a château with an architecture unique in Provence.

Château la Beaumetane is much more than a reception venue. It's a magnificent setting with a warm, intimate atmosphere and ambience. For your wedding in Provence, it is a magical place, a romantic and friendly haven of peace. These are the words of our happy couples as they look back on their special day! Elegance, nature and simplicity combine to create a truly authentic setting.

THE GROUNDS

Surrounded by vines in the shade of the Plane trees

Pastoral

First of all, Château la Beaumetane is a jewel, in the landscape of Provence. Surrounded by vineyards and olive groves, the Château is located in the heart of the Provence countryside - a haven of rural tranquility and bucolic calm. From its grounds, the view is one of vineyards and fields. What's more, the park is shaded by our superb plane trees, providing coolness on the hottest of days.

In the shade of the Château's magnificent plane trees

The superb plane trees, as old and tall as the château itself, provide welcome shade, ensuring the immaculate grounds are a pleasant place to be even during the hottest days of the provençal summer.

Completely enclosed, the grounds provide the perfect space for your ceremony, your aperitif or perhaps for you to dine outside under the stars. Your youngest guests are able to play freely in complete security, whilst the newlyweds will find a variety of places for the most sublime photos.

A swimming pool to relax on hot Provencal days

Your wedding is an open-air dream.

Take advantage of our magnificent pool to refresh and relax with your guests. Imagine diving in after the party, or enjoying a waterside brunch the next morning. An idyllic setting for unforgettable moments.

THE RECEPTION SPACE

Elegance, intimacy and charm

Unforgettable

The magnificent stained-glass conservatory transports you to a golden age as soon as you see it from the gates of the Château, and as you enter, it is clear this is a place steeped in character and history. And so the magic begins...

The beautiful reception rooms are infused with the elegance and refinement that make for an unforgettable day. The high ceilings, the original parquet floors and the beautiful chandeliers all add to the feeling that this is a place with a soul, and this adds to the intimate atmosphere. A magical place to spend the most magical of days.

An exceptional venue for the perfect day – the reception space

The fully air-conditioned reception space can accommodate up to 120 people seated at round tables with a dance floor. The ground floor is a flexible space that can be arranged according to your wishes.

In particular, you can use the space to create a single room of 100 people seated at round tables. You can equally create a warm atmosphere for a more intimate wedding (the smallest we have hosted was for 17 guests!).

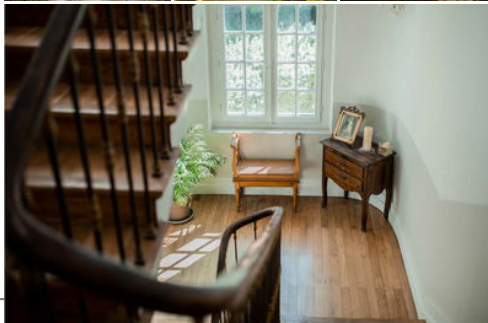

An exceptional venue for you to relax and enjoy

At Château la Beaumetane, you feel relaxed and at home as soon as you arrive.

La Beaumetane is, in effect, a « home away from home » and many of our couples have told us how integral this was to ensuring they enjoyed their special day to the full.

AS NIGHT FALLS

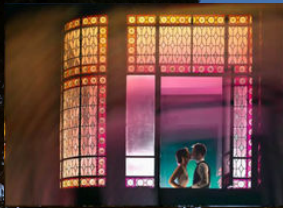

The magic begins

Fairytale

As night falls, you will enjoy shimmering lights and a sky full of stars.

The Château and its grounds provide a magical experience for you and your guests.

A HAVEN OF PEACE

The wedding suite

—
Magic

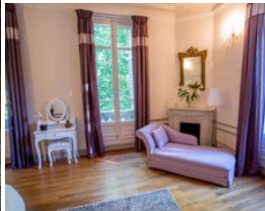

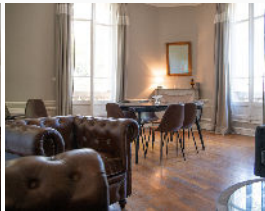

A majestic setting, an escape from the outside world, a chance to spoil yourselves...

After your special day, it is the perfect setting for you to relax and reminisce together about your first day as a newly married couple.

The suite & the private lounge

The bride and groom can also come and get ready on site, in two different rooms, for special moments that can be immortalized in magnificent photos.

FOR ADDED COMFORT

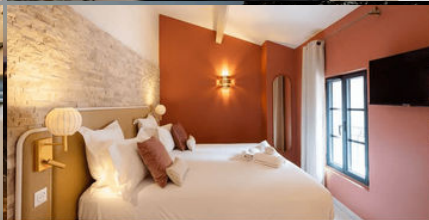

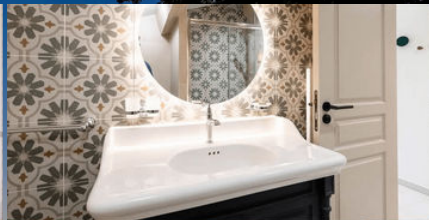

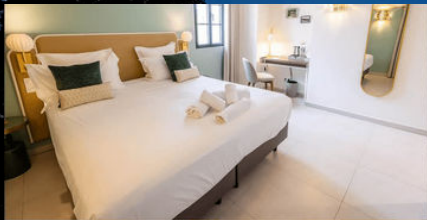

Accommodation at the Château

Convenient

In addition to the bridal bedroom, we also offer a further 43 beds for added comfort, safety and conviviality.

These come in the form of 20 rooms providing 4* accommodation in the former stables, newly-restored by Nathalie and Mike.

LA BEAUMETANE

A place steeped in history

Unique

Château la Beaumetane, as it stands, has existed since the end of the 19th century. Some parts, however, are much older. It was Edmond Théry, an entrepreneur and man of many talents who gave it its present form nearly 150 years ago. Why multi-talented? Just a few examples: he held the monopoly of the French press under the republic, one of his great admirers was George Clémenceau, and at the beginning of the 20th century the only bubbles drunk in New York were his, following the devastation of the Champagne market by phylloxera insect....

And those are just a few examples.

Later, the famous French writer Marcel Pagnol stayed at the château and wrote part of his novel "Topaze" there.

Countless things have happened at La Beaumetane and just before Nathalie was born, her grandparents became the owners of this magnificent house.

We're here to support you

My name is Nathalie. My roots are here in Provence. Deep roots, because we're a family of winegrowers in the Coteaux d'Aix en Provence who are still active. I work at Domaine des Oullières, our family estate, half the time. This is Mike, the father of my children. He's the one who knows all the secrets of La Beaumetane and who looks after the château and its grounds. His British phlegm is a perfect counterbalance to the passionate Provençal spirit that characterises me.

It is now over ten years ago that we came back from England to take care of this magical place and open its doors so that more people could have the chance to experience the gentle life at La Beaumetane. Since then, we've hosted hundreds of events, mostly weddings.

What we love most is seeing the magic of La Beaumetane at work: the stars in the eyes of our couples when they discover the venue, and those same stars shining even brighter when they leave after celebrating their wedding.

The two of u will be your only contacts for your wedding. It's not just us and our beautiful house! We'll be there to support you, and guide you through the preparations for your wedding to ensure that your special day is everything you ever dreamed of.

YOUR WEDDING

The next steps

Unique

Now that you have visited the château through photos, we invite you to read the following pages which are a summary of all the questions our brides and grooms usually ask us. It will help you to understand how you can celebrate your wedding at the Château and how we operate.

The next step is to come and pay us a visit, to discover the Château .

In an ideal world, this visit would be face-to-face in order that you can fully appreciate the atmosphere and beauty of La Beaumetane, as well as appreciating the different spaces available to you for your wedding.

Obviously, if you are planning a destination wedding, this may not be possible and we are happy to arrange a visit via video in the first instance.

We are happy to answer any questions you may have. When you've made up your mind, you can book the Château. To do this, we will draw up the contract together and we will ask you for a deposit. You will understand that no date can be blocked without reservation
